PROFILE SUMMARY

Proactive and detail-oriented third-year Computer Science and Engineering student specializing in Data Science. Skilled in web development, databases, and building data-driven solutions through internships and projects. Strong problem-solving and communication skills with a passion for scalable applications and impactful innovations.

EDUCATION

Anil Neerukonda Institute of technology and Sciences
Bachelor of Computer Science and Engineering - CGPA: 9.23

07 2023 – 04 2027

Visakhapatnam, India

Sri Chaitanya Junior College
Intermediate (MPC) - 97.5%

06 2021 – 04 2023

Visakhapatnam, India

S.V.B.vidyapith
CBSE - 517/600 (86.2%)

06 2019 – 04 2020

koraput, India

COURSEWORK / SKILLS

- | | | | |
|----------------------------|--------------------------------|---------------------|------------------------|
| • Programming Fundamentals | • Programming (OOP) | • DBMS | • Software Engineering |
| • Object Oriented | • Data Structures & Algorithms | • Operating Systems | • Web Development |
| | | • Computer Networks | |

PROJECTS

Sentiment Analysis

- **Tech Stack:** Python, Sentence-Transformers, Gemini API, Streamlit, SQLite
- Developed an AI-powered sentiment analysis system to classify text data (reviews, tweets, feedback) into positive, negative, and neutral sentiments.
- Implemented semantic text embeddings using Sentence-Transformers for accurate contextual understanding.
- Designed prompt-based classification and summarization workflows using Gemini API.

Road Accident Analysis

- **Tech Stack:** Python, Pandas, Power BI / Matplotlib, SQL
- Developed a data analysis system to identify high-risk accident locations and major contributing factors.
- Performed Exploratory Data Analysis (EDA) to analyze trends based on time, weather, road conditions, and vehicle types.
- Cleaned and transformed large accident datasets using Pandas and SQL.

EXPERIENCE

Data Science and Analysis(Virtual Internship) – Future Interns

03 2024

- Completed a virtual internship focused on Data Science and Analysis fundamentals and project workflows.
- Improved debugging, deployment basics, and collaboration through project-based learning.

TECHNICAL SKILLS

Programming Languages: C, Python, SQL

Web Technologies: HTML, CSS

Databases: MySQL

Developer Tools: VS Code, Git, GitHub

Other Tools: Power BI, Microsoft Office, Canva

CODING PROFILES

LeetCode: leetcode.com/u/rzza49Aq1G

CodeChef: codechef.com/users/laxmi14sai

HackerRank: hackerrank.com/profile/vandanavysyaraku

CERTIFICATIONS

Adobe India Hackathon
